- Desserts

Not all trucks are created equal. Every truck is custom made and built according to customers products and services. We install only what is needed and to be used in the correct space.

The process: We sit together with the customer to discuss the layout and equipment to be installed to obtain the most benefit out of the investment. From equipment choosing to the equipment set-up order

Financing: We work with financing companies to help you with your purchase. Currently a 30% deposit is required for an easy approval.

Los Angeles County Permits: We will help you with all the paperwork for the City, DMV and Health Department. However, you are responsible for the fees.

Step-in Trailers

The Ordering process is the same as a food truck.

Step-in trailers might be the alternative to a food truck. They are built from a solid base and finish in stainless steel.
